

## PRESS RELEASE

5<sup>th</sup> June 2020

Investors in People is delighted to award Alliance Medical, Europe's leading provider of Independent Medical Imaging company, with its UK base in Warwick, **We invest in people, silver accreditation.**

Silver is a fantastic achievement and something only 15% of the organisations we assess achieve.

It means that the right principles are in place but more than that, it means people and leaders are making active efforts to make sure that there's real consistency and everyone in the organisation are feeling the effects!

Alliance Medical provides diagnostic imaging services to both the NHS and the independent sector across the UK. Through its strong values all its staff pull together to provide high quality healthcare services to its patients.

Paul Devoy, CEO of Investors in People, said: *"We'd like to congratulate Alliance Medical. Silver accreditation on We invest in people is a remarkable effort for any organisation, and places Alliance Medical in fine company with a host of organisations that understand the value of people."*

Commenting on the award, "We are extremely proud to have achieved the award of the Silver standard investor in people. This is a fantastic achievement and reflects the continued hard work and dedication of our people and our organisation as a whole" said Richard Evans, Alliance Medical UK Managing Director.

"We believe that the success of your organisation begins and ends with people. If we make work better for everyone, we make work better for every organisation. And if we do that... we make society stronger, healthier and happier."

Join our community of 15,000 organisations across 75 countries and **make work better.**

**Ends**

### **About Investors in People**

Most of us will spend around 80,000 hours at work in our lifetimes.

For something that takes up that much of our time, we think people deserve to get more out of it than just a regular pay cheque.

That's why we've already helped more than 11 million people across 75 countries to make work better.

And you know what, we're just getting started...

**How are we doing that?**

We're a community interest company, which means we put our purpose before our profits. That means everything we do and every direction we take is done to make work better.

Organisations that meet the We invest in our people framework are proud to display their accreditation to the world.

Because they understand that it's people that **make work better**.
